

Spoke Sensor, Spoke Type Weight Load Cells Sensor 0.5T, 1T, 2T, ~200T

Specifications :

Price	Contact Us
Payment Terms	T/T, L/C, Western Union, etc.
Delivery Detail	10-25 working days.

Detail Introduction :

Application?

Stainless steel material-mainly used for various testing machines, Injection molding machine, impact force testing equipment, pneumatic hydraulic equipment, smart press machine etc.

Specification:

Product range: 0.5T, 1T, 2T, ~200T

Accuracy (according to BFSL): 0.05%R.O

Output sensitivity: 2mv/v \pm 5%
